

**FORAGE FIRST®**

## Versagrass™ Mix

- Excellent for waterways & terraces
- Excellent for ditches, banks & headlands
- Excellent companion for alfalfa & clovers
- Works great for permanent pastures
- Improved varieties for better forage
- Easier to establish than straight brome grass

Versagrass™ derives its name from its ability to be used for nearly any application or to serve any purpose. It is excellent at handling a wide range of soil types and weather conditions.

- **Includes CrosseCoat™** - an elite platform of proven seed coating and treatments to enhance germination, establishment and survival

**FORAGE FIRST® FACTOR:** We provide a diverse set of mixes to produce high quality forage for your unique operation. Our versatile pasture mix portfolio offers a variety of proven products to fit any need, created with flexibility and ease of management in mind.

All Forage First® pasture mixes contain top performing forage varieties for improved yield, higher nutritional value, increased stand life and grazing tolerance, excellent regrowth and more.

- 25% Big Ton XL Smooth Brome grass
- 25% Endo-Graze XL Perennial Ryegrass
